

Watch out for my hidden features

- If you get holds after nudges with only two matching symbols then spin them all
- If the three symbols below the winline form a winning combination and flash and you are given the option to hold then hold them for the win to come in.
- If the three symbols above the winline form a winning combination and flash and you are given the option to hold then hold them for the win to come in.
- When you spin a win hold the reel that you would like to be used for the HiLo gamble.
- Holds offered on two matching boxed symbols. Hold them (or all three reels) and get a single nudge. May or may not be a winner
- Nothing lit (so no hints). Two unboxed matching symbols - not sure what to do
XXXX

Bonus on items held and unheld - hold the reels (all of them?) and cancel the hold. Then press start to bring in a win

Note: Holding a matching pair for three spins in a row does NOT bring in the win!

Box Blue Bars pay £4:00 compared to £2:00 (Feature win prizes seem to be capped at £2.40. The amount shown is the amount won)
Boxed Yellow Bars pay £4:40 compared to £2:20
Boxed Red Bars pay £4:80 compared to £2:40 (Has repeat chance)
Boxed Blue 7s pay £4:80 - no benefit
